OC-MLS Weekly Staff Notes, 23-27 July 1984

8. C/RAG attended the NCS Representatives meeting on 26 July. Results of the meeting:

a. CIA will participate on a task force addressing funding alternatives for NSDD-97 initiatives. This is being driven by an April letter from Latham to the NSC asking for something other than Executive Agent funding.

b. NCS staff will draft implementing regulations to update the Code of Federal Regulations to reflect E.O. 12472. We will discuss potential impact on CIA with [redacted] OGC.

d. A representatives meeting is being arranged. A prime candidate (requiring much staff work) for the agenda is the ECWG--the other hat of the NCS Principals.
